Before COLLOTON, BOWMAN, and SHEPHERD, Circuit Judges.

PER CURIAM.

In this 42 U.S.C. § 1983 action, Missouri inmate Darrell Woods appeals from the order of the District Court¹ granting summary judgment to defendant prison officials on his First and Eighth Amendment claims and declining to exercise supplemental jurisdiction over his state-law claims. We have reviewed the record de novo, and we see no reversible error in the decision to grant summary judgment on Woods's § 1983 claims. See Townsend v. Murphy, 898 F.3d 780, 783 (8th Cir. 2018) (standard of review). We also conclude that the District Court did not abuse its discretion in declining to exercise supplemental jurisdiction over Woods's state-law claims. See 28 U.S.C. § 1367(c); Crest Constr. II, Inc. v. Doe, 660 F.3d 346, 359 (8th Cir. 2011) (standard of review). Accordingly, we affirm.

¹The Honorable Catherine D. Perry, United States District Judge for the Eastern District of Missouri.
