For the Eighth Circuit

No. 24-1446

Leann M. Dykes

Plaintiff - Appellant

v.

National Institutes of Health; National Institute of Allergy and Infectious
Diseases; United States

Defendants - Appellees

Ecohealth Alliance

Defendant

Appeal from United States District Court
for the Western District of Missouri

Submitted: April 15, 2025

Filed: April 18, 2025

[Unpublished]

Before BENTON, SHEPHERD, and GRASZ, Circuit Judges.

PER CURIAM.

Leann Dykes appeals after the district court¹ dismissed her action under the Federal Tort Claims Act for lack of jurisdiction. After careful review of the record and the parties' arguments on appeal, we conclude the district court properly determined it lacked jurisdiction to review Dykes's claim. *See Blais v. United States*, 37 F.4th 502, 503 (8th Cir. 2022) (reviewing de novo grant of motion to dismiss for lack of subject matter jurisdiction).

Accordingly, we affirm. *See* 8th Cir. R. 47B.

¹The Honorable Brian C. Wimes, United States District Judge for the Western District of Missouri.
